Donna:

The link to the website containing the environmental reports is as follows:

http://www.epaosc.org/site/doc_list.aspx?site_id=4919

As discussed, not all of the data related to the 2009 Trip Report is on the website. I will work on getting that posted to the site on Monday. I have several versions in my file and I want to make sure that I post the correct final, validated versions to the web.

Please let me know if you have any difficulties accessing the website, downloading the documents or any questions related to the reports. I'd be glad to help.

Have a great weekend.
